Software Developer

SKILLS

HTML, CSS, JavaScript, TypeScript, React, Angular, NodeJS, UI/UX, Web Development, User Interface Design, Git, Express.js, .NET, SQL, PostgreSQL

WORK EXPERIENCE

Llab • Vietnam • Part-time • 07/2020 – Present

Fullstack Developer

- Applied extensive knowledge of front-end technologies, using Angular, contributing to the overall enhancement of website aesthetics and functionality.
- Achieved a 30% reduction in development time by demonstrating rapid prototyping skills for new applications and backend modules using Node.js and Express.
- Mastered frontend issue resolution, showcasing adept problem-solving skills. Methodically documented the development process, emphasising and implementing best practices in frontend technology. This meticulous documentation not only resolved challenges promptly but also contributed to an increase in overall system stability and efficiency.
- Collaborated with a team of 3 members to effectively overcome project challenges, leading to streamlined processes and accelerated timelines.

Zygyv • Vietnam • 05/2018 – 01/2019

Frontend Developer

- Developed and maintained front-end solutions for the company's client websites, utilising React and ensuring optimal user experiences.
- Enhanced overall development productivity by 20% through implementation of Git version control and adherence to version control best practices.
- Strengthened code quality through active code reviews, providing constructive feedback, and enforcing coding standards, leading to a 15% reduction in post-deployment issues, enhancing system performance and best practice adherence.

ELCA • Vietnam • 04/2017 – 05/2018

Fullstack Developer

- Spearheaded the development of a dynamic and scalable web application using .NET Core, resulting in an improvement in system responsiveness and a reduction in page load times.
- Implemented a user-friendly, responsive web application using Angular, resulting in a 40% increase in user engagement and improved application efficiency.
- Ensured a flawless product by meticulously conducting integration, end-to-end, and user acceptance testing. Achieved a remarkable customer satisfaction rate exceeding 95%.
- Worked collaboratively within an agile development environment, resulting in the timely delivery of features and improvements to the websites.
- Effectively used Git and Jira for version control and project management.

EDUCATION

Bachelor's Degree in Software Engineering

Ho Chi Minh University Of Science • Vietnam • 09/2013 – 10/2017

Diploma in Information Technology

TAFE Queensland • Online Course • 07/2023 – 01/2024
