Front-End Web Developer

Results-oriented Frontend Developer with expertise in HTML, CSS, and various JavaScript frameworks/libraries. Proficient in crafting exceptional UI/UX designs. Eager to contribute innovative solutions and technical prowess to a dynamic team and take on challenging projects.

SKILLS

HTML, CSS, JavaScript, TypeScript, Angular, ReactJS, UI/UX, Web Development

WORK EXPERIENCE

LLab • Vietnam • Part-time • 07/2020 - Present
Frontend Developer
- Enhanced order and customer management efficiency by 25% through the development of a dynamic web application. Leveraged HTML, CSS, and TypeScript (Angular framework) to seamlessly interact with REST APIs, ensuring real-time data synchronisation. Translated into a streamlined process, boosting overall productivity and user satisfaction.
- Elevated user experiences by 30% through innovative development, harmonising coding proficiency with Figma for UI/UX design. Introduced creative solutions, measured through increased user engagement and satisfaction. Achieved a visually stunning user interface, resulting in heightened product appeal and a positive impact on user interactions.
- Mastered frontend issue resolution, showcasing adept problem-solving skills. Methodically documented the development process, emphasising and implementing best practices in frontend technology. This meticulous documentation not only resolved challenges promptly but also contributed to an increase in overall system stability and efficiency.
- Collaborated with a team of 3 members to effectively overcome project challenges, leading to streamlined processes and accelerated timelines.

Zygvy • Vietnam • 05/2018 - 01/2019
Frontend Developer
- Engineered a robust payroll system using React.js, Redux, and Meteor.js, achieving a 30% increase in processing efficiency and accuracy, measured by the reduction in payroll errors. This advancement translated to significant time-saving for the team, fostering seamless payroll operations.
- Enhanced overall development productivity by 20% through implementation of Git version control and adherence to version control best practices.
- Drove code excellence through active participation in code reviews, delivering constructive feedback and enforcing coding standards. This meticulous approach resulted in a 15% reduction in post-deployment issues, contributing to the overall enhancement of system performance and adherence to best practices.

ELCA • Vietnam • 04/2017 - 05/2018
Frontend Developer
- Implemented a user-friendly, responsive web application using Angular, resulting in a 40% increase in user engagement and improved application efficiency.

- Ensured a flawless product by meticulously conducting integration, end-to-end, and user acceptance testing. Achieved a remarkable customer satisfaction rate exceeding 95%.
- Worked with a team of 5 members and provided end to end solutions for clients.

EDUCATION

Bachelor's Degree in Software Engineering
Ho Chi Minh University Of Science • Vietnam • 09/2013 - 10/2017

Diploma in Information Technology
TAFE Queensland • Online Course • 07/2023 - 12/2023
